A word from Freshwater Church Senior Pastor, Stewart Moncrieff:

"I see this personally as a great opportunity to serve the children and young people of the Far North in a missionary capacity. It's a clean, fresh air, natural environment of the north with the support and encouragement of the pastoral team and staff. This is an excellent opportunity for anyone who has a passion to see the world changed by young people seeing God's future for their lives and generation, and grabbing hold of it with both hands."
